NINE WHO ENDURED

FOR NINE MONTHS

Teaching is too often a thankless job. Unfortunately, the position of advisor, which requires so much extra time, effort, and devotion, is even more often passed over as something superfluous. It is the determination of this graduating class that their advisors, especially their Senior advisors, shall not be forgotten.

MR. JOHNSON

This renowned Problems of Democracy instructor, usually the victim of many fond epithets and other descriptive adjectives, states in all sincerity that he has heard none of these nicknames this year. He is the perennial coach of the "B" basketball squad and the golf team, but his real ambition is "to re-unite the old 'Ali-Baba and Swedish Angel' professional wrestling team." Mr. Johnson, a member of St. Joan of Arc Parish, numbers "planning the 1960 'bum shoot' " among his fondest memories at De La Salle. When not engaged in academic or extra-curricular functions, he relaxes by playing golf and "shooting."

BROTHER J. EDWARD

Brother Edward is one very busy man. He is athletic director, football and basketball moderator, and moderator of the Boosters' Club. In fact, Brother says, "You name it and I've got *something* to do with it!" He is looking forward to the day when "peace and quiet reign in the locker room." Nevertheless, Brother is presently content with the "cheerful, smiling faces" that greet him in the typing room. His spare moments are spent in either the locker room or the gymnasium.

BROTHER H. FRANCIS

Brother Fancis, moderator of the Senior Class and head of the Chemistry Department, is affectionately known as "Brother Wizard" or "the chief." Concerning his ambition, Brother says he wants "to be an excellent Brother, and excellent teacher, and thus serve and honor God and save my soul." This popular Senior religion and chemistry instructor is particularly fond of "the wonderful scenery on and around the Island." In time not spent in teaching or in shining his ripple-soled shoes, Brother enjoys reading and studying, golfing, and "molecular model building."

BROTHER DANIEL

This excellent mathematics instructor and chairman of the mathematics department does not deny the fact that he has nicknames, but he knows that any he does have "vary with the describer." Brother states that he wants "to be adequately prepared to teach," but his students know that he has achieved his desire in this regard. He is especially proud of the "pursuit of academic excellence in Advisory 202." In his spare time, Brother enjoys "golf when possible, basketball when not," along with "plenty of reading and Mozart."

BROTHER PATRICK

Brother Patrick, a very competent and accomplished instructor, is the head of the English Department. His interesting classes are made even more so by the occasional but timely bits of witticism that have become his trademark. Brother's ambition is "to help others" and his mild manner of teaching seems to have had its effect in this regard. He is especially proud of the "spirit" here at De. When not teaching English or Religion, Brother enjoys extensive but selective reading.

BROTHER DOMINIC

Brother Dominic, a devoted religious and biologist, is both Senior Vocations Counselor and moderator of the Glencoe Club. He lists "being a good teacher" as his goal in life, and his sincerity in this regard has left an indelible impression on those whom he teachers. Brother fondly (?) remembers Steve Grabowski's untimely operation in the middle of football season. In an occasional free moment, Brother indulges in handball, photography and biological collections.

MR. PAUL GRAF

This colorful and popular member of the Senior faculty claims he has no nicknames but acknowledges that there are "probably plenty — behind my back." Mr. Graf, a parishioner at St. Mark's in St. Paul, plans to go on teaching his traditional, yet unique, courses in Social Studies, Business Law, and Economics at De La Salle. In his few spare moments, Mr. Graf enjoys reading, studying, or just "walking and reflecting."

BROTHER J. OLIVER

Brother Oliver, famous for his craft in Algebra, Geometry, Bookkeeping, and Religion, is also moderator of the Camera Club and Wrestling Team. Brother's ambition is "To see you all in heaven." Particularly outstanding in his memory is the construction of the new addition. An avid devotee of photography, most of Brother's spare time is devoted to this hobby.

Mike. You'll never get this Algebra — will you? Mr. Breske

MR. DAVID BRESKE

Mr. Breske is probably one of the most popular additions to this year's faculty. Nicknamed "Salt" and "Leader" by those who know and love him, this clever humorist nevertheless states that he wants "to become a better teacher of mathematics." Mr. Breske is a member of St. Kevin's parish in south Minneapolis. In time not spent in teaching Algebra and Trigonometry, he is an enthusiastic participant and spectator of baseball.

Brother H. Mark, Director.

Brother H. Mark, Brother Director of De La Salle, is right at home in his new post. He was the Director also at Price College, Texas, before coming to De in 1959. This is an excellent testimony of the respect the Order has for Brother's leadership and administrative abilities .

Originally from St. Joseph, Missouri, Brother Mark studied for the Brotherhood at St. Mary's College in Winona. Brother has spent the past twenty-six years teaching at De La Salle, Chicago; St. Patrick's, Chicago; Price College, Amarillo; and De La Salle in Minneapolis. During his stay here, Brother has had a chance to observe the character of the school, and he is proud of its spirit and the cooperation shown him by the faculty and the student body.

The combination of the magnanimous soul and the gifted mind of Brother Mark is not often duplicated. He has summed up his years of teaching by expressing what all men should feel in their hearts. Brother says, "I thank God for the graces given men in my vocation and for the many fine people with whom I have been associated in my work."

LIFE'S

SENIOR CONTACT

BACK L. to R. T. McGuire, R. Kugler; W. Shimp, W. McQuiston, P. Coleman, R. Breun, G. Zeman, G. Mehr, J. Vosika. *FRONT* R. Abdo, S. Durda, D. Fedor, Mr. Colston, moderator D. Metty, G. Wickman, Steve Hedges, S. Willette.

Senior Contact, under the direction of Mr. Colston, has become one of the more active and effective organizations in the school. Its purpose is to help itself and others both spiritually and materially. In order to carry out these aims in a productive manner, the group has adopted a program composed of discussion and action, with the emphasis put on latter.

Senior Contact has braced itself for a record number of projects this year. It has given assistance in the Sno-Daze Dance; it made itself responsible for the distribution of the Christmas baskets; it has, by numerous suggestions, worked toward the betterment of the Senior Class; it has assisted in the maintenance of the gymnasium. But the biggest project was one by which the members became "Big Brothers" to sixteen underprivileged boys of grade school age. Members have spent many of their free week end hours with their little brothers in outings, parties, and other forms of recreation.

Senior Contact has accomplished much in the past years; it is a fine example of what Catholic Action should be.

JUNIOR CONTACT

BACK to FRONT, Left to Right; B. L'Harult, T. Holker, T. Hofsted, P. Klees, J. Jachymowski, B. Feigh, D. Hall, A. Hofsted, T. Collins, T. Hesserer, P. Taylor, J. Curran, J. Shumway, T. Yencho, P. Santos, B. Bierden, R. Braden, P. O'Laughlin, R. Hart, T. Kastl, and C. Luxem.

The Junior Contact group, under the direction of Brother Fidelis, has recovered from a relatively slow start, and has blossomed into a productive and successful organization. With the indoctrination of many leaders of the Junior class, the group is experimenting in the teaching of Confraternity of Christian Doctrine religion classes to grade school students in the area. With the help of Brother Fidelis, the group is sure that the operation will be successful, as it has been for several years at Benilde. This new plan, when placed beside such past accomplishments as the annual Christmas food drive, foreshadows a profitable year for the junior group.

Sophomore Contact at De La Salle is an organism designed to capitalize on the apostolic spirit present within the individual, a spirit given a special dimension through the sacrament of Confirmation. Through discussion and special activities of an apostolic kind, particularly through the teaching of Catechism to grammer school students attending public schools, the Sophomore Contact member continues to deepen himself and share his strength of love with others.

A special project this year has been to extend *Contact* throughout the Sophomore department since it is a firm belief that the purpose of *Contact* is such that each Sophomore has a Christian right to belong and develop himself through the activities outlined above.

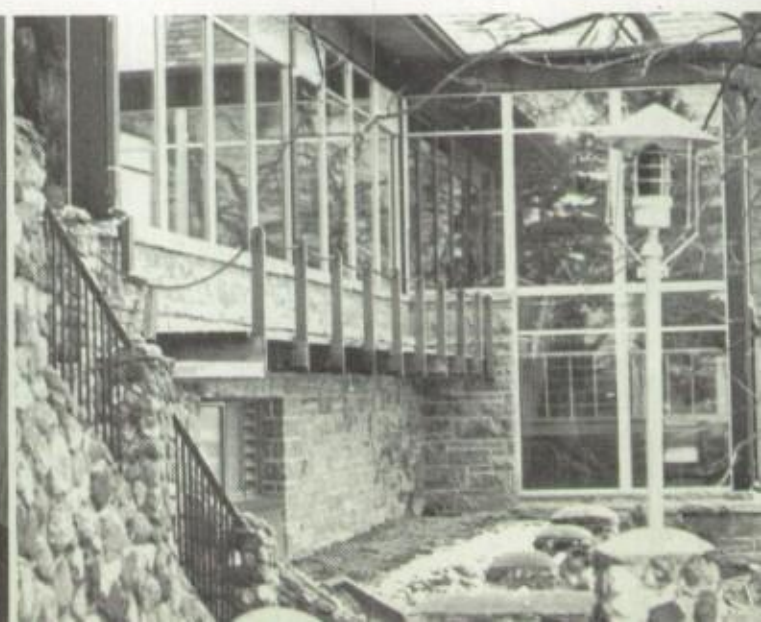
SENIOR



Early this year the Seniors were given a two-day intermission in their school life. These few days, spent in an environment of silence and solitude at Buffalo, Minnesota, gave the graduates to-be a chance to corral themselves to think.

Upon arriving, the students were warmly greeted by the director, Father McManus, and briefed on the significance of the retreat. During the retreat the Seniors found time to pull themselves back to earth and realize what their main purpose in life is. Private conferences were offered by the retreat masters, Father Kegler and Father Wagner. At the end of the retreat each Senior found himself with a renewed sense of responsibility and dedication to God.

SENIOR SENATE

STANDING, L. to R. — T. Johnson, J. Stedman, P. Sexton, M. Ryan, T. Leonard, Brother Francis, R. Scott, L. Larson, J. McVay, D. Uhler. *SEATED* — J. Gamble, S. Hedges, W. Shimp, R. Abdo, L. Lynch.

The Senior Senate is a group composed of the Senior class officers, the advisory presidents, and the semi-finalists in the September class elections. The purpose of the Senate is to shift some responsibility from the teachers to the students, thereby relieving the faculty of unnecessary burdens and bringing the idea of school government closer to the students. Consequently, since all advisories are represented, the entire class is familiarized with the senate's plans.

The senate is responsible for and controls the activities of the Senior class. It organizes dances, homecoming festivities, "Sno-Daze," various sporting events, and slogan and poster contests. But more important, the Senate sets the tone of the school. It is behind the student body one-hundred percent, and works its hardest to make the class and the school what it should be.

Senior Class Officers, L. to R. — Loren Lynch, Business Manager; James Gamble, Secretary; Steve Hedges, 2nd Vice-President; Bill Shimp, President; Bob Abdo, 1st Vice-President; Lenny Jenks, Treasurer.

BENILDUS

Benildus Club members at a daily prayer session.

"All other extra-curricular clubs have the development of the talents of the members as one of their chief objectives. This vocation club differs in that it has as its chief objective the will of God. It calls for unselfishness on the part of the members in that they are expending themselves in behalf of the entire student body." — Benildus Club Constitution.

Under the supervision of Brother Dominic, the Blessed Benildus Vocation Club has become reinstated at DE. A part of the Archconfraternity of the Divine Child, this club promotes priestly vocations primarily through prayer. Also, as part of its program, the Benildus Club is organizing a vocation pamphlet rack to make available to students information concerning the various religious orders.

The members meet during the first five minutes of the Senior lunch period in the Brothers' chapel to recite a decade of the rosary. All seniors are invited. Organizational meetings are held once a month. Speakers are invited to these meetings to present and discuss various topics consistent with the club's goals. Many worthwhile ideas and projects have developed from these meetings.

The Benildus Club officers, Louis Grams, Charles Brambilla, Robert Abdo, and David Uhler, head the group of about thirty members. It is hoped that their efforts, together with the continuous support of Brother Dominic, will establish the Benildus Club as a worthwhile facet of De La Salle life.

CAMERA CLUB

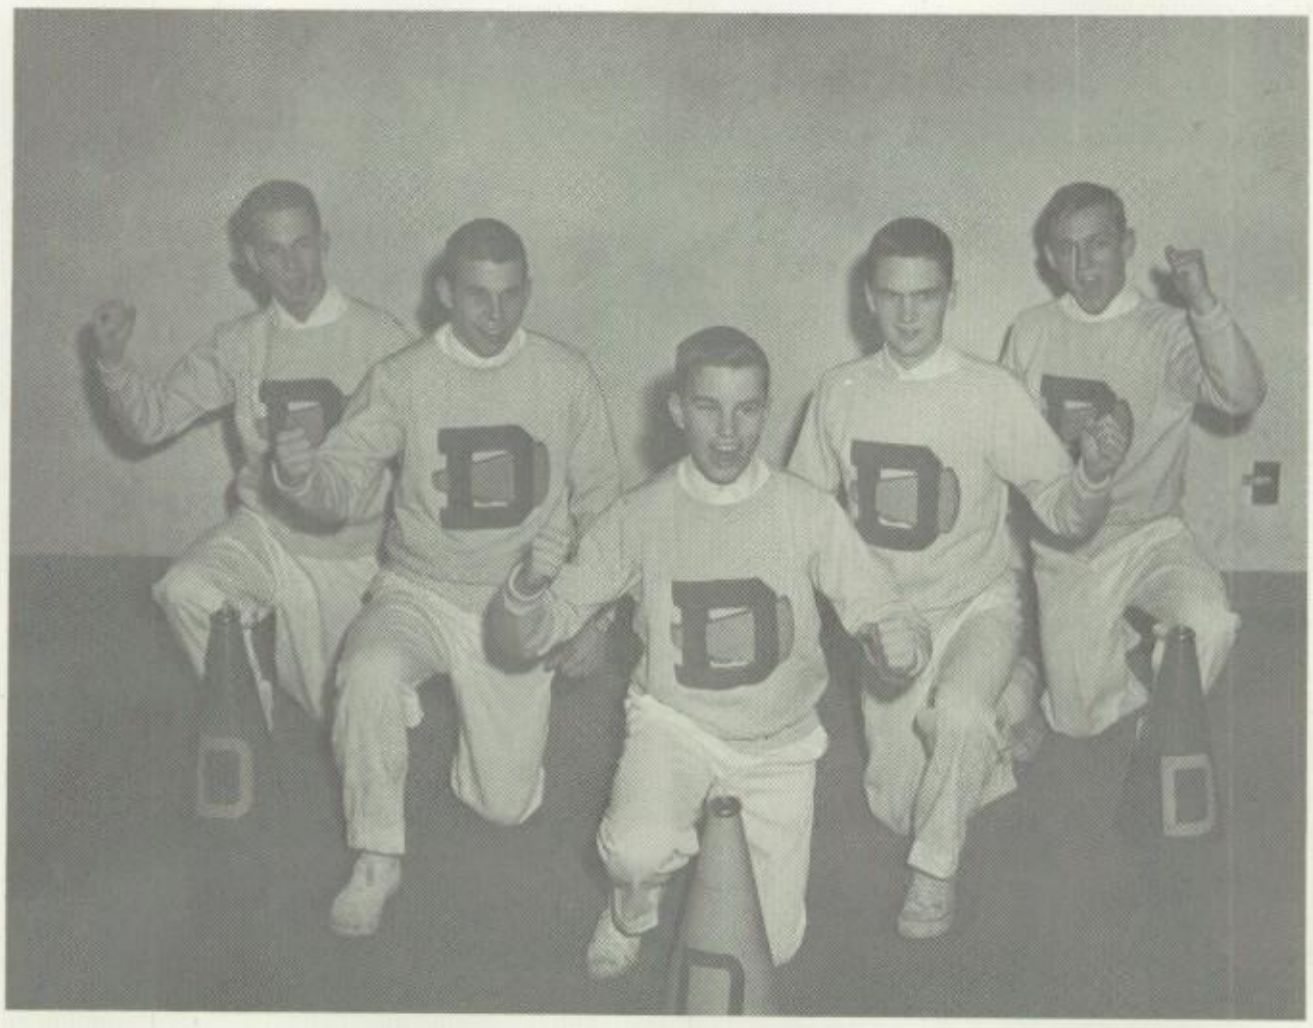
Bob Sorensen developing a picture.

What is the purpose of the Camera Club? For years this question has been asked of Brother Oliver. Well, try to imagine a *Delta* or *Islander* without pictures of the various activities. Much as the two staffs hate to admit it, the readers look for the pictures first. Any article, no matter how well written, is given life by a picture. The few Camera Club members strive to supply all necessary prints promptly and cheerfully. The members believe that the experience gained from this activity will prove valuable in later years. Who knows, perhaps Mr. Pletsch started this way.

CHEERLEADERS



J. Curran, J. Peltier, W. Bierden, D. Earley, D. Betker

Only a few of the more courageous De men wear the white uniforms of the cheer leaders. Their purpose is to unify the student body in support of another activity. Their first purpose is to give; and, in the past year, their sacrifice and initiative have urged many De teams to victory.

This year the rabble-rousers have two goals: a state-championship and a female section.

"All for the Islanders."

The National Honor Society is a nationwide organization whose purpose is to recognize those students who have made outstanding achievements in the fields of scholarship, character, leadership, and service. It is composed of high school Seniors who have been judged worthy of the honor by a board of faculty members.

De La Salle's chapter of the N.H.S. has been quite active this year. It has undertaken a variety of projects of benefit to the school. The largest project of the N.H.S. has no doubt been the paperback bookstore, which has enlarged its stock considerably this past year. The bookstore is a great service for the students, providing a wealth of good, inexpensive literature at a convenient location. Other services provided by the N.H.S. include occasional work in the Guidance Office and ushering at school events. The National Honor Society members can be proud of their lasting contributions to the school, with special thanks being due to Mr. Casanova, the moderator.

The Monogram Club is one of the more exclusive clubs in the school. Three standards must be reached before a boy can be accepted. These qualifications are: two major letters, a "C" average, and recommendation from the administration.

This year the Monogram Club, under the guidance of Mr. Vaughan, has been busy carrying out its numerous activites in the school. At each home basketball game the floor is supervised and refreshments are sold by members of the club. The selling of "De" stocking caps was another project sponsored by the club. In April, a dance was put on to help defray the cost of the letter sweaters that are given to each new member.

It can be assured that anyone who has qualified for the Monogram Club has in some way shown a true school spirit.

For Sale 20 dozen big "D" stocking caps.

SPEECH

Speech men confer. L to R: D. Torgerson, A. Cleland, Brother L. Ashton, D. Anderson, P. O'Laughlin.

This year's Speech Club, under the direction of Brother Leonard Ashton, has blossomed into a very enthusiastic group. Composed largely of underclassmen, the team nevertheless showed great ability and even greater potential as its members participated in the American Legion, the Catholic State, and the National Forensic League speech tournaments. The team's versatility was shown by the fact that it had at least one entrant in each of the various speech divisions: Original and non-original oratory, dramatic, humorous, and extemporaneous. Much time and effort were contributed by the members; the result was a most encouraging performance during the year.

STANDING L. to R: R. Prindle, A. Cleland, R. Loeffler, R. Anderson, Brother Ashton, D. Torgerson, J. Fitzharris, M. Regan, T. Sias, D. McElroy. *SEATED:* R. Miller, D. Morley, T. Breitenbucher, M. Cunningham, P. O'Laughlin.

DEBATE

Presenting a fallacious argument.

The 1963 Debate Team boasts more of its future prospects than of its present accomplishments. Nearly 30 freshmen swelled the ranks to over 60 members, making the team the largest Debate Chapter in the Twin Cities. Futhermore, as a direct result of the influx of new members, this group has become the top team in the Twin Cities District with the largest number of degrees. The beginners placed first and second in the annual Catholic Invitational Beginners' Debate Tourney held at St. Thomas College, and captured first place in the Twin Cities Tournament for underclassmen. The team was also invited to a tournament in Washington D.C.

Some of the highlights of the year included distinctive representation at the four student Congresses, trips to Mankato and St. Cloud, the late suppers after the U. of M. Tournament, the finals of the Round Robins, and the terrific competition at the District Finals.

As an added note, the team is losing only three Seniors, so look for something promising in the future.

STANDING L. to R: T. Sias, R. Breun, J. Wawra, R. Hobday, D. Kostik, G. Kvasnicka, D. Torgerson, B. Lindahl, D. Kuduk, R. Wiek, L. Millet, M. Regan, T. Breviu, J. Lopensky, Labiak, A. Cleland, B. ISLANDER

Islander editors at work.

Under the leadership of Brother Roger and Editors Bob Abdo, Cyril Knoblauch, Mike Gruidl, Pat Coleman, Bob Breun, and Larry Abdo, the *Islander* is trying for an "All-American" rating for 1962-1963.

The "All-American" rating is the highest award given to a high school newspaper by the National Scholastic Press Association. It is awarded once each semester. The last time the *Islander* won this award was several years ago under Brother Paschal.

Brother Roger has stated repeatedly that the school paper must represent all the students of De La Salle, and he takes great pains to assure this end. Some of the new features designed to give the individual students a chance to make their opinions known are Mr. Inquisitive, Students Opinion, and Campus Correspondence columns.

In spite of difficulties, the *Islander* staff has been going through great effort in order to get the paper out on time. The editors have worked until midnight making up the issue to go to the printers. It is Brother Roger's proud boast that the *Islander* has been on time each month this year.

Some of the main changes this year (besides getting it out on time), are the expansion of the feature section, a regular cartoon, poetry, and the more frequent six-page issues.

M. Gruidl and P. Coleman confer with Editor Bob Abdo and Moderator Brother Roger.

Co-Editors Bill Shimp and Steve Willette.

Determined to present a comprehensive and yet informal picture of the school and student life, the yearbook staff industriously embarked upon its job early in September. A united effort made possible the completion of one-half of the book by Christmas, a feat seldom attained by a yearbook staff. Furthermore, this year's group has set a precedent by adopting a demanding deadline schedule and rigorously sticking to it.

In order to cover the spring activities, the staff decided to introduce a new feature into the yearbook, a summer supplement. Consequently, earlier deadlines, vacationing photographers, and staff dropouts necessitated all day (and all night) rushes to meet deadlines. Nevertheless, the supplement resulted, in which coverage was given to spring sports, the Rose Dance, and graduation exercises.

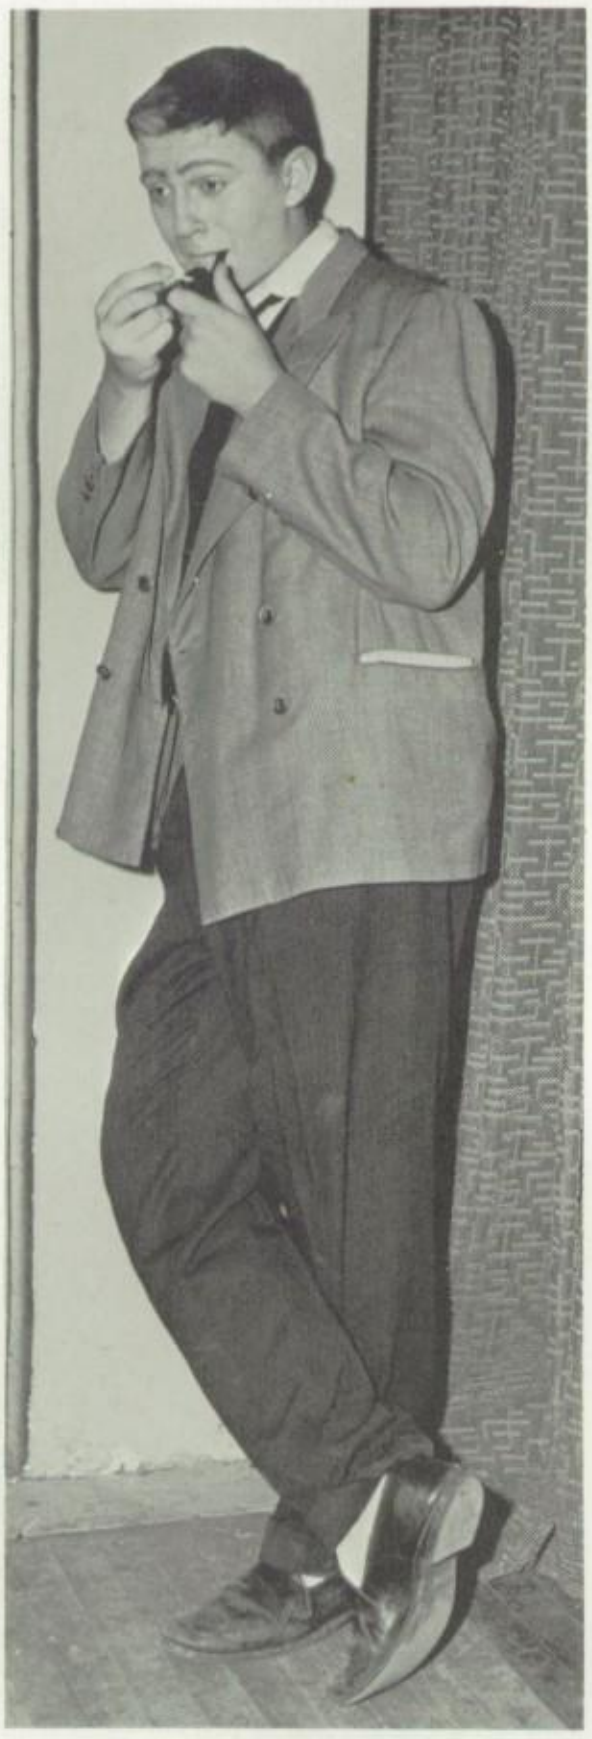
OUR DRAMATICS CLUB

The cast of "Our Town" makes a final bow.



Stage Manager Louis Grams in a reflective pose.

This year the De La Salle Dramatics Club completed one of its most successful seasons it has had. In late summer the seniors of the club held several workshops which covered the many aspects of stagework and acting. Later, a clinic was given for new members; after this the club put on its first presentation, a one-act play directed by club vice-president Pete Foy.

In early December, the club, under direction of Brother H. Paul, presented what many critics consider the greatest of all American plays, *Our Town* by Thornton Wilder. This unique drama deals with the most important phases of man's stay on earth — childhood, maturity, marriage, and death. The play was perhaps the most impressive put on at DE in recent years.

In the middle of February, the club undertook the production of a recent Broadway musical hit, *Bye-Bye Birdie*. The play centers around the evolution of a rock and roll singer. Familiarity with the theme was undoubtedly a contributing factor in the enjoyment derived from the play by the students.

The group can be proud of its accomplishments this year. The members have undoubtedly benefited considerably from their participation in the club, and audience response indicates appreciation of their showmanship.

Brother Fidelis and Glee Club officers plan strategy for an upcoming performance.

After four years of intensive practice with the De La Salle Chorus, Brother Fidelis is a veteran director. He brought the group back to life in 1954 after it had been dormant nearly a year. His talented direction and enthusiasm have given the chorus the desire to excel in vocal performance. Brother's exacting methods have not only given the chorus members an appreciation for music but also made them aware of their responsibility to the school, the chorus, and one another.

Through the cooperation of the officers, the chorus has maintained an efficient and smooth running series of concerts throughout the metropolitan area. Included in this year's agenda were concerts given at St. Margaret's Academy and the University of Minnesota and an appearance in the Arle Haberle Television Show. Concerts given at De La Salle included the Patroness Society Christmas Concert, a performance for the Boosters, a joint concert with Holy Angels Academy, and the final Spring Concert which was the climax of the year. The Glee Club boasts its largest membership this year, with over ninety members, and looks forward to even more progress next year.

PATRONESS

L. to R.: Mrs. Rufus Palmer, Treas; Mrs. Geo. Dalsin, V. Pres.; Mrs. Geo. Brambilla, Pres.; Brother H. Paul, Moderator; Mrs. P. Meade, Rec. Sec.; Mrs. E. Locke, Membership Sec.

"Even better and busier." These words sum up the program of the De La Salle Patroness Society for the '62-'63 school year.

Headed by Mrs. George Brambilla, President, and Brother H. Paul, Moderator, the society has this year, as in past years, won the gratitude of the student body for the monthly half days.

The Patroness Society has been of invaluable help in such activities as Open House and the Mardi Gras festivities. This year too the patronesses are on the go, helping gather new material for the school library, putting on the annual Fashion Shows, the Ma and Pa Hops, and of course the luncheons, always with the school and students in mind.

L. to R.: Charles J. Connoy '61, Treasurer; Thomas G. McGinty '52, Recording Secretary; Ted S. Reciborski '36, President; Brother L. Ambrose '42, Moderator; Richard M. Lutz '42, Financial Secretary. Missing: Cletus Swan, Vice-President.

ALUMNI

In November of 1903 the first Alumni Association was created at De La Salle. The purpose of the association is to keep together the former graduates of De La Salle. When it originated, the enrollment stood at 350 members. By 1926 the first President, Mr. J. L. Hessburg, stated that "we hope to attain 100%membership by the end of 1926."Since then the association has been carrying on. Last spring all the members of the Alumni bade farewell to Brother J. Norbert, Director of De, who after finishing six years as Director, was assigned to Notre Dame High School in Wichita, Kansas. They welcomed his successor, Brother H. Mark, who had been Assistant Principal at De for the past three years.

In November, 1962, the Annual Alumni Dance was held at the Leamington Hotel. In January there was the election dinner. Early in June the golf tournament was held, open to all members, but the highlight of the year was the banquet on May 10. The Alumni has done many great things for De, and it deserves our respect and appreciation.

BOOSTERS

L. to R.: Mr. Stanley Locke, Sec.; Cyril Rengal 1st V. Pres.; Arsini Perra, Pres.; Brother J. Edward, Moderator; Greg Cronin, 2nd V. Pres.; John Komoroski, Treas.

The Boosters are in their seventh year of existence. The club was established to help the school meet its needs. Their main purpose is to pay for the tuition of those boys whose fathers have passed away. Their accomplishments are as follows: They purchased a new motion picture projector for the school, they bought new jackets for the Glee Club, supplied the athletic department with various funds. They paid for the tuition for those boys whose fathers passed away. They spent a grand total of $23,600 for the students. The Boosters have done a tremendous job in this field mentioned above.

The Boosters hold regular monthly meetings, elect officers yearly, and hold a smoker every year for the members of the club. These are a few accomplishments which the club has done in the past years.

This year's young cross-country team finished third in the new Catholic cross-country conference.

In the State Meet they finished fifth, only 10 points behind fourth and 38 points ahead of their nearest rival. Sophomore Gary Tomczak captured sixth place in a field of 42. He was clocked at 10:28, running the 1.9 mile Highland course.

Seniors on the team include Gary La Palme, Jack Clausen, and Rog Shasky. All are lettermen and outstanding runners. They have stuck with the team from its founding and have kept at it even though their fine efforts go practically unheralded.

The runners kept in shape over the summer by running constantly. When school commenced, they began organized practices. Practice sessions were held on the hilly grounds of the Theodore Wirth and Highland courses. This made running at Lake Nokomis easier.

The harriers have much to look forward to, though, because of the large numbers of good underclassmen on the team, Mr. Utecht, the coach, is looking with anticipation toward next season.

Co-Captains Bob Scott and Karl Ketter led this year's Tankers to their second straight conference crown. Posting an impressive 15—2 season, the squad has broken 11 of 15 Varsity records.

The highlight of the season was the 51 to 44 victory over sixth-ranked Austin. In meeting third-ranked St. Louis Park, they lost 50—45, in the last event.

Although six swimmers will be lost through graduation, Brother Hugh is confident that the "B" squad will replace them successfully. He summarized this season with these words, "Inspiration, Dedication, and Perspiration."

Injuries to key personnel were probably the biggest factors in the football team's comparatively mediocre season. The permanent loss of middle guard Bob Najarian and the temporary disability of quarterback Steve Grabowski curtailed the effectiveness of an otherwise high-calibre squad.

Although the team posted a 4—4—1 collective record, this statistic is not an accurate representation of the team's potential: End Joe Manikowski was placed on both the All-State and All-Conference squads, while tackle Jim McCormack and fullback Stan Durda were selected for the All-Conference team. In addition, seven more Islanders attained the recognition of honorable mention. They were halfbacks Dave Krider and Tom Finnegan, tackles Dave Kurimay and Dick Mulloy, quarterback Steve Grabowski, end Bill Chapman, and guard Dwayne Glodek.

The team started off the season on the right foot by defeating Sleepy Eye and Bethlehem Academy, but they bowed to Edison and Regis in the next two non-conference games. A sparked Islander offense in the second half of the Hill game posted a 21—20 Islander victory in the first conference

game of the season. Homecoming game with first place Cretin found the team bowing to the Raider attack in the final stages of the fourth quarter, despite the fact the DE held them to two touchdowns, a feat never attained by any of Cretin's other opponents. DE's next victory, over St. Cloud, was highlighted by an eighty yard punt by Joe Manikowski. In the traditional battle with Benilde, DE was outplayed only in the first quarter, but this was sufficient to settle the game as Benilde won, 7—6. In the final game of the season, DE and St. Thomas battled to a 6—6 tie.

Captains Bill Huney and Dave Mortenson, along with Tom Leonard and Denny Grande were the outstanding pucksters for Coach Irwin this year. Leonard was tops on scoring, and defenseman Huney was second. In the nets were Chuck Holt and Ed Dalsin.

Losing their only games to Hill, Cretin, and Benilde, DE Posted a 9—1—1 Non-conference mark, showing the quality of Catholic league play.

BASKETBALL

CCC CHAMPS

The 1962-63 basketball season marked Mr. Reinhart's seventeenth year of coaching at DE, and it also marked the fifth straight year a De La Salle team has won the CCC Championship. The team's first game of the season, a 72—23 victory over Breck, was perhaps a good indication of things to come. Indeed, the team marched undefeated through its first nine games of the season. In their second meeting with St. Thomas, however, the cagers suffered their first defeat. Nevertheless, the team plowed onward to win its next three conference games with Hill, Cretin, and Benilde, thereby capturing the Conference Championship. As a result of their individual efforts, Bob Buckvold and Joe Manikowski were elected to the all-conference team, with Mike Rengel receiving honorable mention.

The traditional regional battle with Benilde found the Islanders bowing 51—45 to a hot Red Knight scoring attack. For their sparkling performances in this game, Tom Finnegan and Joe Manikowski were awarded regional honors. Due to a change in regional and tournament procedure, the Islanders were able to gain admittance to the State Catholic Basketball Tournament by defeating Cretin 41—33.

Brother Richard

Brother Richard of Room 10c may well be remembered by his classes for convoking an Ecumenical Council in two of his religion periods. A man who likes to take the initiative, he takes pleasure in teaching world history and English. Sometimes he wishes that all of his students shared his enthusiasm for those subjects. Brother Richard has finished his first year at De La Salle. His favorite pastimes are sports, classical music, and good literature.

Mr. D. Shrake

Mr. Shrake is well known in the freshman department as one of DE's quiet and tolerant Latin teachers. He was at DE two years ago, before taking another job elsewhere. This year he has returned for another round of Latin teaching. Although he is comparatively quiet, he hesitates not to let a student know he shouldn't be talking. A mood of concentration and attention prevails in his classroom, and the academic accomplishments of his students speak well of his ability as an instructor.

That red-haired, muscular Brother you see presiding over 13-C is Brother Christopher, who has now spent a year and a half at De. By now he must be a deeply religious man, since he has been teaching four religion classes and has heard the Rosary recited four times each day. A lover of the strenuous life, Brother stresses the necessity of physical development and support of all school sports.

Mr. Irwin

One of the best known members of the faculty is Mr. Irwin. He not only engages in instructing his classes in world history, but also applies himself to all fields of athletics. During the fall, his spare moments are taken up in coaching the freshman football team. Soon after the football season, he transforms into a varsity hockey coach. Also, he occasionally helps conduct afternoon phy-ed. classes. Again this year, as always, he has attained considerable recognition for his fine choice of clothes.

Mr. Thesenvitz, advisor of Room 22C, started to teach at DE last year; but, after teaching a few months here, he was recalled to the Air Force. Now he has completed his first full year, teaching freshman and junior English. He graduated from St. Thomas College and taught for two years at Harlem, Montana. After preparing his lessons, Mr. Thesenvitz likes to read for pleasure, usually historical novels or books about the two world wars.

Brother J. Michael

Brother has been at De La Salle four years. Currently he is moderator of the cheerleaders, the debate team, and the pep club. The new B-E-A-T cheer is Brother's handiwork. The Chicago White Sox are his favorite major league. He says, "The White Sox are a potentially better team, not a flash in the pan like the Twins!"

When not being "the boss" of the Religion and Algebra classes in 23C, Brother enjoys golf and other forms of athletics.

Brother Carl

A newcomer to De La Salle is Brother Carl, the scholarly advisor of 24C. He will readily admit that algebra and geometry, his specialties, are more comprehensible than the freshmen and sophomores he teaches. Brother Carl is a diligent, meticulous individual, devoted to study in his leisure hours. To rest his jangled nerves, he listens to the music of the masters.

Mr. Mahowald

A former letterman and captain of the 1958 St. Thomas football team — that is Mr. Mahowald, now completing his third year at De La Salle. Majoring in the social sciences, he teaches world history and American history as well as senior sociology. He often sparks his classes with lively discussions on current events. He is a native of Rosemount, Minnesota, and a St. Thomas College graduate. After school hours Mr. Mahowald coaches the sophomore football team and ardently follows the other De La Salle sports.

Brother Gerard is a man of fact — to him, being precise is what counts. His junior and freshman algebra classes are aware of this, and act accordingly. Although Brother is not a coach of any sport, he attends all the games and can tell you the facts. The men of 228 realize that Brother is a good teacher, and are profiting because of this.

Mr. Hogan

"Most of the students at De La Salle are serious about learning," says Mr. Hogan, advisor of Sophomore 123. This is a remarkable statement, considering the difficult classes he teaches — sophomore English for the greater part of the day. This red-haired, outspoken man has been at DE for two years. He seems devoted to his work, but readily confides that he likes to hike, play golf, and read a good book.

Mr. Curran

A man who never wastes a minute in class is Mr. Curran, the advisor of Room 225. It is easy to see that he loves to teach and insists upon close concentration from his class. He has been here at DE for a year and a half, having come to fill the vacancy left by the death of Brother Liguori. He has taught math and English, this year specializing in algebra and geometry. Mr. Curran formerly taught at Dunwoody Institute. For relaxation he loves a tennis match or a good novel.

Brother Matthew

Don't be surprised if during one of your classes a blackrobe slips quietly into the room and takes a seat in the back of the room. No, it isn't the inspector of schools but Brother Matthew, come in to take notes that will help him with his own teaching. Brother Matthew teaches Religion II and English II. Few of his English students realize how many hours he spends in correcting compositions. The daily bulletin is his responsibility, a daily headache he says. For recreation he goes out for sports and in for good reading.

Mr. Hayes

The neutrons of 208 are governed by the electron, Mr. Dean Hayes. Mr. Hayes is a new member of the faculty but in actuality he is a relativity good guy. Because he teaches only Junior Chemistry some students do not know him. Just look for a man in continental dress and cross-country feet! you can't miss this Chicago import.

Mr. duBois

Best wishes, D. J. du Bois

Mr. duBois, a patriotic Frenchman who could be described as a friend of both the Jesuits and Dwight Eisenhower, is a man of many talents. A devoted student of languages, philosophy, religion and history, he is also the dreaded critic of "dull, drab, dark, dingy, dreary, and demolished" compositions turned in by his students. Always interested in the welfare of these same students, however, Mr. duBois has consequently become one of the more popular members of the faculty.

Mr. Horning

De La Salle's mighty grapplers have been successfully coached by the versatile Mr Horning. Having been a notable baseball player at the U of M, he is also well-qualified as the coach of the Island batmen. He maintains interest in his informal salesmanship classes, and takes an aggressive concern in the academic welfare of his students.

Mr. Markwalder

Mr. Markwalder, the perennial English instructor at DE, has dabbed in the ancient languages Greek, Latin, Victorian, English, and teenage jargon. His authority in literature stresses subjective-type tests and book reports which greatly decrease crib-notes and comic book write-ups. Most students, having written essays and book reports for him, develop a sense of logical procedure and thoughtful criticism.

I WOULD HAVE HAD MY HOMEWORK TODAY, BROTHER, BUT . . .

I forgot it.

My baby sister ate it.

My mother wrapped the garbage in it.

I was jumped by some "baldies" and they used it to shine their shoes.

I was jumped by some "animals" and they chewed and fanged it until it was illegible.

While exercising my eyes this morning I looked at it with my x-ray vision and it vaporized.

I was playing bridge last night and by mistake used it as a score sheet.

It was near this open window when all of a sudden it was spirited away by a white tornado.

I sent it as a perfect penmanship speciman to the Smithsonian Institute.

This morning I gave it to a teacher that looked exactly like you but he really wasn't.

Well you see I have this chronic phobia for losing things and the doctor said I shouldn't become concerned over trivial matters.

My pen went dry and I know how you dislike work done in pencil.

I had another assignment that I deemed more important to the career of my chosen profession.

I spent the night fasting and praying for the conversion of Russia.

My slide rule jammed.

Just as I finished it a sonic boom knocked a bottle of ink off the shelf and it landed on my paper.

By accident I used invisible ink.

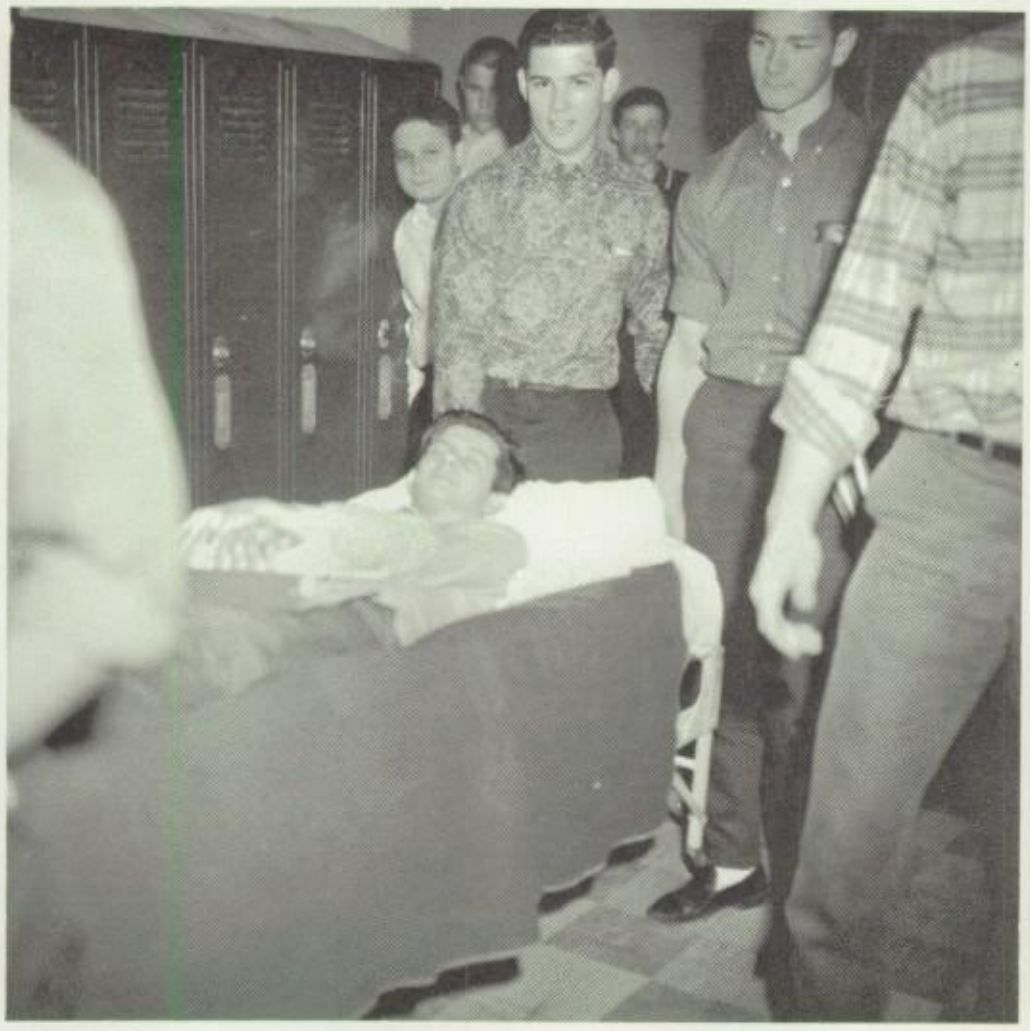
During the night the paper rotted into dust.

On my way to school it was stolen by a band of red ants.

POLL

Denny Fedor "Quietest Senior"

Mike Gruidl "Biggest Faculty Drag"

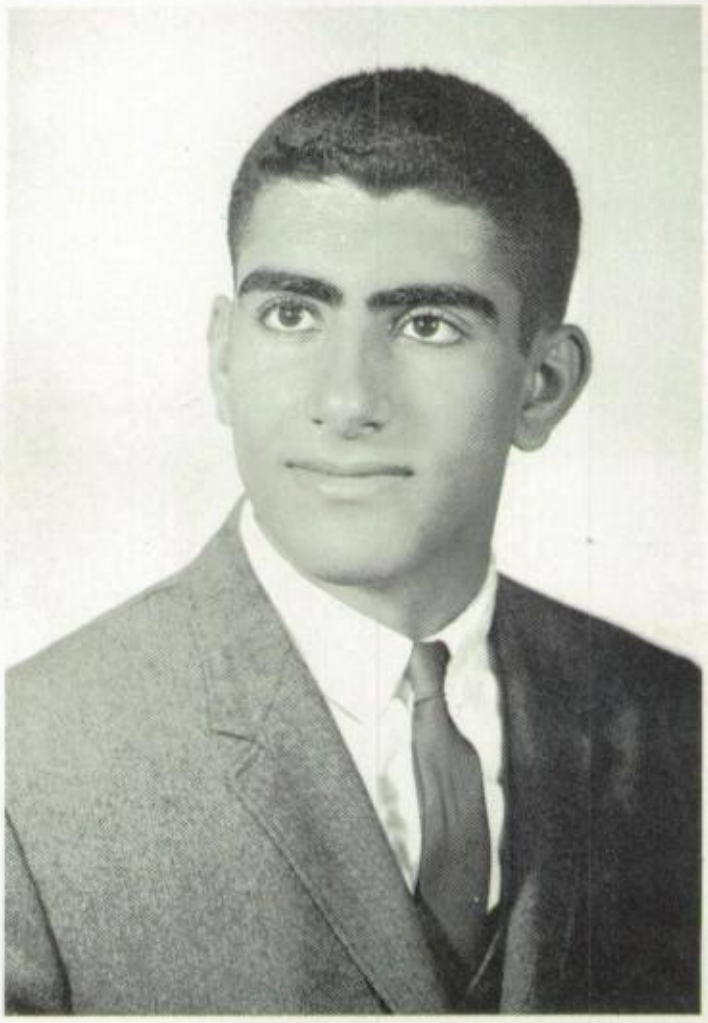


Larry Farrell "Sleepiest Senior"

Jim Gamble "Best Sense of Humor"

William Shimp — President

Bill, in addition to upsetting Mr. Johnson, spends his time bossing around the various activities of the Senior Class: he is Vice-President of NHS, a homeroom officer, winner of honorable mention from the National Merit Scholarship Program, active member of Contact, co-editor of this publication, and sticks his fingers in speech and baseball. This combination, diabolical dissector and impractical mathematician, is seriously thinking of a career in a field of science.



Robert Abdo — First Vice-President

Bob Abdo, the Lebanese contribution to the executive branch of the class of '63, finds time to feed his ulcers by holding membership in NHS, Contact, Monogram Club, Homeroom Officer, *Delta,* and the *Islander.* Perfected co-ordination and reflexes have qualified him to participate in Wrestling, Baseball, track, penny pitching, and mission collecting. It is rumored that Bob has derived a code of living that neglects sleep, denies the unity of the family, and forms opinions. "Abby" plans to enter law — one side or the other.

Steve Hedges — Second Vice-President

This leafy character has "flowered" in baseball, basketball, *Delta,* the *Islander,* NHS, Monogram Club, Contact, and as a homeroom officer. Steve is developing a superiority complex as a result of his performance as a National Merit finalist. Besides being ticklish he writes poetry. Because "Hedgy" got a "kick" out of biology class he intends to enter science at the U. of M.

OFFICERS

JAMES GAMBLE — SECRETARY

This year's scribbler "Secretary James Gamble" is well known for his unique sense of humor. Who else in the school can imitate every one of his teachers, can remember every anecdote from every class, and, furthermore, can do a great slow-motion fighting performance. A well rounded individual, "Jim," has not only played baseball and basketball, but he is also a member of the *Delta*. There has been an ugly rumor that this former Junior Class President is seriously thinking of turning very serious. Heaven forbid such a disaster!

LEONARD JENKS — TREASURER

Treasurer, Leonard Jenks, is well known for his prowess on the basketball floor and on the baseball diamond. "Lenny," who hails from Annunciation Parish, is also an influential member of Contact and of the Monogram Club. As a member of the De La Salle State Basketball Championship team, it is easily seen why he treasures most at De the memories of the state tournaments. In looking ahead, Lenny is hoping to find a vocation that he will enjoy.

LOREN LYNCH — BUSINESS MANAGER

The Senior Class Business Manager, Loren Lynch, is an alumnus of Our Lady of Victory. "Lo's" current office should suit his taste for he is one of the biggest pressure salesmen in the school. In his junior year he won a trip to Chicago for selling far over a hundred Mardi Gras Tickets. When he isn't fast talking someone, he is busy participating in various activities such as football, track, baseball, wrestling, and the Monogram Club. His current plans for the future center on being successful in college.

A FINAL WORD

The *Delta* staff, in sincere gratitude and in dire need to fill this page, together with the Senior Department wishes to extend a humble thanks to all those who made this book a success. Thanks to: Brother Oliver and his amateurs; Mr. Pletsch and his shutter bugs from Sterling-Pletsch Studios for their marvelous touchup work on the Senior pictures; Mr. Hedstrom and his professional con men from American Yearbook Company for their bargain on book covers; the Camera Art Company for the even more marvelous touchup on the underclassmen pictures; the typists and pseudo-typists for their work on Brother Edward's battered typewriters; Louie Grams and his pencils; the Juniors on our staff for their ability to get work done consistently late; all those wonderful underclassmen who shelled out five shekels to read this publication. The staff would also like to extend its thanks to Brother Paschal for his sensible suggestions, guidance, and keen censorship ability. Well! There it is — the '63 Delta. What do you think of it?

TRACK

After a slow start, the De La Salle track team came back strong, winning not only the conference championship, but also the State Crown.

After the first eight meets, the Islanders had managed to come up with only two victories. But despite this unimpressive record, they made their presence known at the Christian Brothers' Meet, where they struggled to within 1 5/6 points of Hill and Benilde, who tied for first place. Heartened by this narrow margin of defeat they won a startling victory in the Central Catholic Conference Meet. Stan Durda took first place in both hurdles, while Dave Krider won the broad jump, and Gary Tomczak the mile.

But the CCC champs were not yet finished. They went on to the State Meet, where top honors were taken by Stan Durda in the high hurdles, Harry Cope in the broad jump, and Gary Tomczak in the mile. Nearly every member of the fourteen man travelling squad contributed to the scoring.

Under the fine coaching of Mr. Utecht, De won its first State Championship in the history of Islander track.

GOLF

THE BIG FOUR: (L to R): M. Ryan, R. Najarian, Mr. Johnson (coach), J. LeVoir, and J. Dargay.

Bouncing back from two early losses, the 1963 De La Salle golf team went on to win seven straight matches and capture second place in the always tough Central Catholic Conference. Joe Dargay, Bob Najarian, Mike Ryan, and John LeVoir combined their talents to produce a potent striking force which found De outscoring its opponents 46 to 14 during this period.

Basically, Mr. Johnson's golfers were a pleasant surprise and must be rated as one of the best squads' De has produced. Although both Najarian and Ryan graduated this spring, Sophomore Jim Ronski and several other promising underclassmen give a bright outlook to next year's squad.

DeMan concentrates on tricky fourth putt.

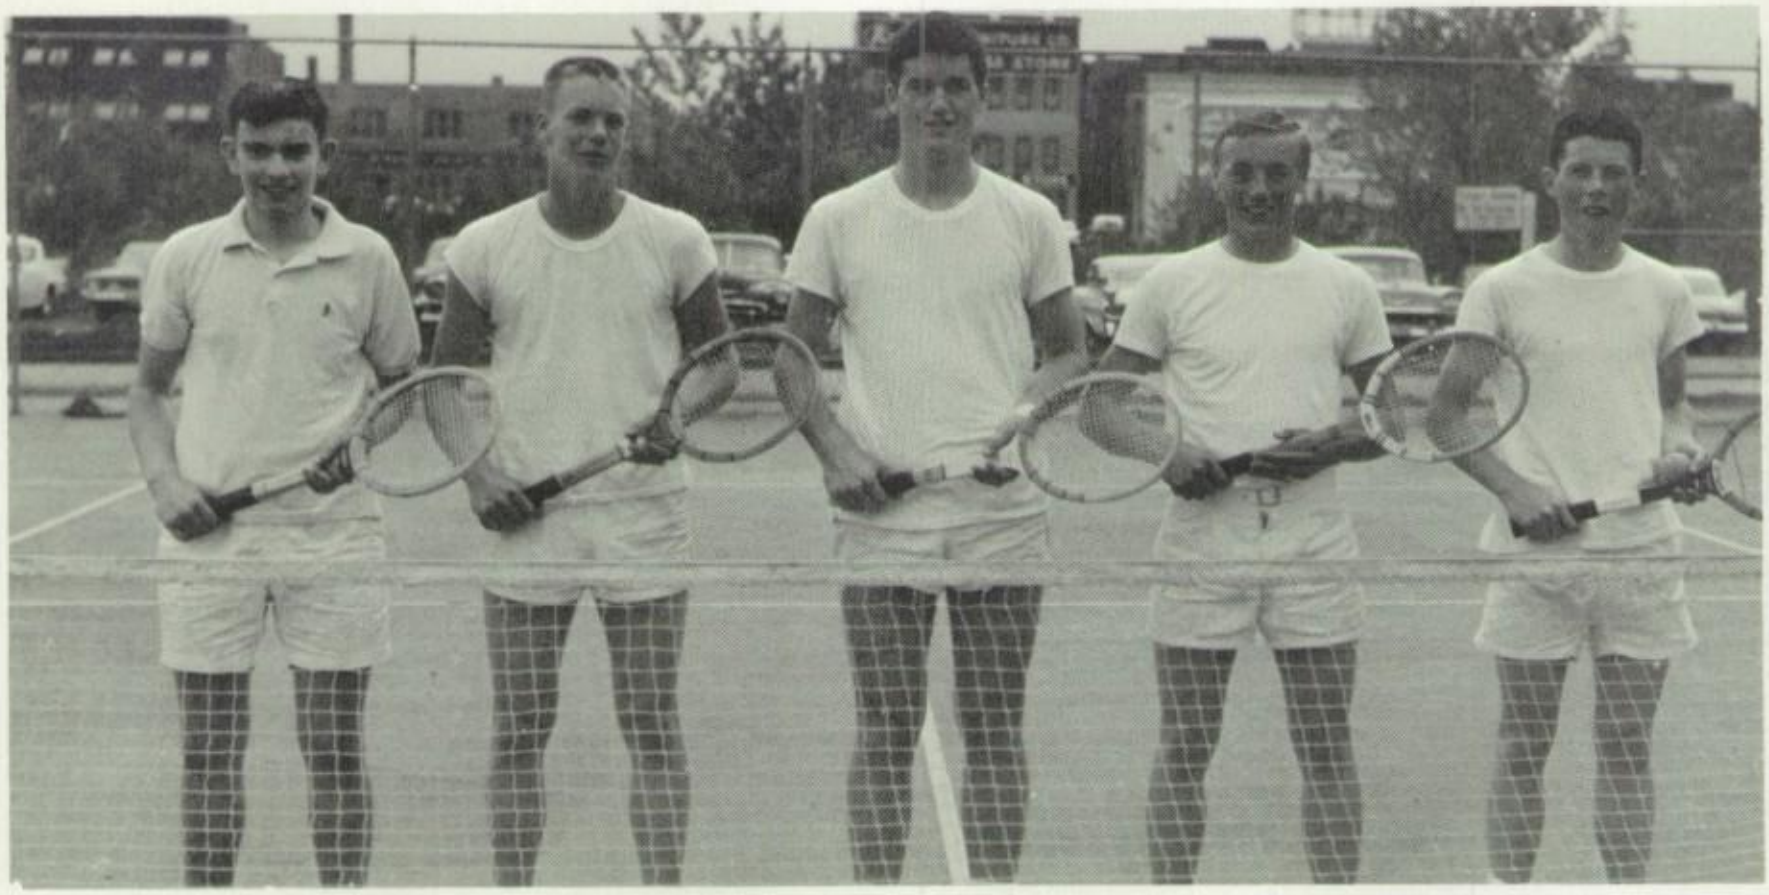
TENNIS



L to R: M. Mackey, C. Brambilla, R. Gibbs, J. McVay, and D. Sullivan.

The De La Salle tennis team found themselves this last year with only one returning letterman. Considering this, the team did very well in winning 3 out of their 8 conference matches. They also won one out of three non-conference games.

De La Salles "racketeers" managed to tie with Cretin for a third place finish in the St. Thomas tournament, giving up its rank as defending champions.

Though the "ripple-soled raiders" are losing four important seniors, the other members on the team and those expected to come out should compose a winning combination. The players were coached by Brother H. Francis who was assisted by Brother Matthew. The first team was composed of seven players:

First Singles — Jim McVay, Senior
Second Singles — Jim Higgins, Senior
Third Singles — Chuck Brambilla, Senior
First Doubles — Bob Gibbs, Senior
Dan Sullivan, Junior
Second Doubles — Mike Mackey, Freshman
Mark Knoohuizen, Junior

BASEBALL

The varsity baseball squad started the season with confidence. Led by Senior lettermen Carl Fligge, BoBo Nalepka, and George Hayden, the pitching staff looked impressive during "spring training" at Powderhorn park.

The Islander nine began the season with victories over Edison and Hill. But inexperience began to show at most positions as the season progressed, and victories became scarce.

As the squad entered the home stretch of the season, they bounced back to whip St. Agnes 10—7, and upset St. Thomas 4—0 when Nalepka hurled a two hit shutout.
